Χαλασμένο Ρολόι (Broken Clock)

Digital single & Video Clip

2025.10.03

*I have a clock hanging on the wall
Its only job is to tell the time
Now I realize it's broken
It shows night all the time and forgets about day*

Friday, October 3, 2025: "The Broken Clock" is the second digital single from Iraklis Daitsis's debut album. The single is accompanied by a video clip directed by Alexis Archontis.

The digital single "To Spiti" (The House), released last May, was a first glimpse into the content of the album "Όταν Κοιμήθηκε Η Ζωή Μες στο Σαλόνι" (When Zoe Fell Asleep in the Living Room) from the personal debut album of Iraklis Daitsis, singer of the band Psylloi st'Achira. The digital single "Χαλασμένο Ρολόι" (Broken Clock) - a fast flowing but gently moving song, with a contemplative mood and a melody that stays in your mind, with lyrics by Yiorgos Samaritis and music by Iraklis himself - offers us a pre-taste of the personal universe of this striking and talented songwriter.

Psylloi st'Ahyra are celebrating their 10th anniversary this year, which they have already marked with concerts in a few cities across Greece, while they are also preparing to release a new single later this year. However, 2025 is also the year that Iraklis Daitsis will release his debut album with songs that are different in style from those we hear in the world of the band.

Until October 10, when the album "When Zoe Fell Asleep in the Living Room" will be released, you can enjoy "Broken Clock" and perhaps wonder what other hidden secrets the album will hold.
